Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Melwood Camp Accomplish - Medical Cabin project in Fiscal Year 2027. The entity to receive funding for this project is the Charles County Government, located at 200 Baltimore Street, La Plata, MD 20646. The funding would be used to build an accessible medical cabin at the Melwood Recreation Center to provide high quality care for children and young adults with disabilities participating in Camp Accomplish. This facility expands capacity, improves accessibility, and ensures campers receive timely, dedicated medical support. The project is an appropriate use of taxpayer funds because the cabin will serve as the clinical backbone of the campus—providing timely, high quality care for children, teens, and young adults with disabilities and chronic health conditions during day and overnight programs. Demand for inclusive recreation and respite services continues to grow, yet the current footprint limits medical privacy, accessibility, and triage capacity required to safely serve campers with complex needs.

The project has a federal nexus because the funding provided is for purposes authorized under the Public Health Service Act.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,
