

**Marylanders Can Shop For Affordable Health Coverage  
Through the Maryland Health Connection**

Marylanders seeking health care coverage can shop, compare, and enroll in quality, affordable health coverage through the Maryland Health Connection, our state's health insurance marketplace.

**One-stop Shopping for Marylanders Seeking Coverage:** The Maryland Health Connection provides Marylanders the opportunity to look at plan information before enrolling, which means they can compare costs and benefits for a wide range of health plans without registering personal information.

**Learn More About Financial Assistance:** Visit the Maryland Health Connection to learn whether you're eligible to receive tax credits to reduce your insurance premiums and make coverage more affordable. You can also visit the site to find out if you or your family are eligible for Medicaid or the Maryland Children's Health Program (MCHP).

**All consumers shopping for health insurance for 2015—even those who currently have a health plan through the exchange—should visit the site to make sure they have the best deal for themselves and their family. Coverage selected before December 18 takes effect on January 1, 2015. Marylanders have until February 15 to sign up, but coverage purchased after December 18 will not start immediately on January 1.**
